[Download](#)

### Hair Stylist Calendar Crack + Incl Product Key Free [Updated]

Hair Stylist Calendar Crack Keygen is a software application whose purpose is to help you keep track of appointments for professional hair salons. Clean feature lineup You are welcomed by a well-structured suite of features. You can preview the appointments on a vertical or horizontal timeline and switch between different view modes, namely work week, week, month, or year. The tool displays a calendar in the main window which allows you to make an appointment by simply clicking on a target day. You can set up multiple users in the database, such as hairdressers and cosmetologists. You can add information about the name and phone number, pick a suggestive image, and assign a color which is displayed in the timeline. Schedule appointments Hair Stylist Calendar Cracked Version gives you the possibility to schedule a new event by giving details about the name, phone number, start and end time, customer info (e.g. address, email, comments), job details, problems, and recommendations. What's more, you are allowed to set up reminders, configure payment parameters, cancel appointments or events that are older than a custom date, as well as export data to XLS, XLSX, TXT, HTML, or XML file format. Advanced printing options are available for helping you customize the information that you are about to print. You can sync data with Outlook and import and export information from/to iCalendar and Outlook. Keep an eye on all reservations Hair Stylist Calendar reveals a list with all your reservations and detailed information about the start and end time, customer's name, phone number, hair stylist, and charged fee. You can edit or delete events and filter the entries by date. Extra options You are given the freedom to store information about customers, create backups automatically at a user-defined time interval, remove old backup files, view a report with work days which can be printed, play custom sound notifications (WAV, MP3, MID) when triggering alarms, and configure holidays. In addition, you can run the utility at Windows startup, change the looks of the GUI by applying different themes, and perform searches. Conclusion All things considered, Hair Stylist Calendar comes packed with several handy features which can help you organize your business better. Abbildung Hair Stylist Calendar - New Users Hair Stylist Calendar is a software application whose purpose is to help you keep track
